PERFORATION

Description

Gyptone® e'Sens Point 6mm acoustic tiles provide a highly aesthetic design whilst optimising acoustic comfort within the space, improving reverberation times and increasing speech intelligibility.

Application

For internal dry area use with Gypframe® T and Gypframe® Eco T grids systems.

Benefits

- Enhanced visual appeal.
- Pre-painted.
- Re-paintable.
- Class A fire performance.
- Class D sound absorption.
- Durable.
- Demountable.

Installation facts

Gyptone® e'Sens is gypsum-based tile with acoustic fleece behind for enhanced acoustic performance.

Material

Gypsum - Pre-painted

Perforation information

6 mm circular

Weight

12.0 mm: 7.5 kg/m²

Note: Post perforation

Colour

White (Near to RAL 9016)

Note: Other colours on request against minimum order quantity.

Edge

Edge A

Edge E15/24

System performance

Please refer to The White Book by Saint-Gobain Gyproc Middle East or technical specification document for system-dependent performance.

Performance

Reaction to fire	Class A	ASTM E84
Noise reduction co-efficient	Up to 0.45 NRC	ASTM C423
Weighted sound absorption co-efficient	Up to 0.50 α_w	ISO 354, EN ISO 11654
Relative humidity	70% at 25°C	ASTM C367
	90% at 30°C	ASTM C367
Volatile organic compound	Pass	CDPH

Acoustic performance

Plenum depth	Insulation	Frequency						α_w	NRC	Absorption class
		125	250	500	1000	2000	4000			
200 mm	-	0.50	0.45	0.50	0.40	0.50	0.65	0.50	0.45	D

¹ Standard offering. Actual tile width and length will be shorter to fit into T-grid framework.

HS code

680911000000 (UAE)

Ambient condition

Store in well-ventilated indoor dry environment and avoid water stagnation or extreme humidity.

Storage

Store inside where possible, for outdoor storage please ensure that the products are securely covered with an anchored polythene sheet or tarpaulin to protect from heat, dampness heat and rain.

Handling guidelines

Always wear puncture-resistant protective gloves, sleeves, appropriate safety footwear, personal protective equipment for eye and face protection. Follow proper lifting and moving techniques to ensure safe handling.

Stacking

Store on pallets supplied or elevated supports to keep them off the ground and avoid contact with soil or water. To maintain stability, place pallets on stable and level ground. Avoid stacking of tiles to prevent damage.
